

WLA Executive Board Meeting  
SSLMP Report  
Feb. 5, 2007

WLA Conference 2006 follow up from the school section deals with the AASL Leadership Institute. Betty Bankhead, the facilitator sent back evaluation forms and the feedback from institute participants was thumbs-up positive.

The SSLMP officers will be meeting via the WEN during the first available slot prior to the spring section meeting to look at the section bylaws and prepare recommendations for revision. It is our hope that the section meeting then will not be centered around this issue but will allow us time to discuss Information Power plans for this summer, share WLA's strategic plan, hear what programs are in place for the 2007 WLA Conference, revisit AASL affiliate status, and consider the opportunities that the 2007 AASL Conference in Reno has to offer.

Shari Haskins (Children's/YA) has worked hard to put together the advocacy training for the joint spring section meeting April 20<sup>th</sup> and 21<sup>st</sup>. Great Northern Books is coming to present their spring booklist. They have asked to present early on Saturday and will be available past lunch to finish sales on April 21<sup>st</sup>. As soon as all details for the spring meeting are complete, Mary Jayne will create the registration form and email a pdf to Erin for posting on the web.

As part of WLA strategic plan we would like to invite the Executive Board to visit our SSLMP wiki. This is the forum that we will use to work on our bylaws revisions. The address is <http://sslmp.wikispaces.com/>

Respectfully submitted by  
Mary Jayne Jordan, SSLMP Chair
